TAYLOR MADE PRODUCTS ANNOUNCES THE NEW STOW ‘N GO™ TRIANGLE DOCK BOX

GLOVERSVILLE, N.Y. – July 23, 2013– Taylor Made Products’ new triangle shaped Stow ‘n Go Dock Box is manufactured from UV-resistant polyethylene resin that is 100% maintenance free and accommodates most electric power units.

“Our dock boxes allow customers a secure storage space for just about anything from fishing supplies to life jackets and other accessories” says David Karpinski, vice president of sales and marketing for Taylor Made Products. “This new triangle option will allow the unit to fit nicely in the little gusset found on most docks”

The double-walled lid secures with a stainless latch to create a weatherproof design and ensure a dry, protected storage space. Available in classic white, this storage box is perfect for your dock, pool, or patio.
