TAYLOR MADE PRODUCTS IS EXTENDING THEIR THE DOCK PRO™ DOCK CART LINE

GLOVERSVILLE, N.Y. – July 23, 2013– Taylor Made Products has introduced a new Dock Pro™ Dock Cart with a solid wheel.

“The introduction of this solid wheel dock cart is a natural expansion to our line. We were receiving requests for a Dock Cart with a solid wheel and now we can fill the demand.” says David Karpinski, vice president of sales and marketing for Taylor Made Products.

The curved handle design reduces bending-over, making the Dock Pro™ dock cart easier to handle than conventional carts, while the unique angled tub feature provides better leg clearance for maneuvering. The Dock Pro dock cart is simply the easiest way to carry all your gear from the car to the boat. The dock cart features a spacious 7 cu. ft (47”L x 23”W x 13”D) heavy wall roto-molded poly-tub that will not rust or rot. Zinc coated corrosion resistant hardware is used throughout the product. Plastic rim wheels with roller bearings will stand up to the harshest marine environment. The Dock Pro™ dock cart can hold 300lbs and is available with a solid or inflatable wheel, both 20” in diameter.
